

Originally compiled as a set of analytical articles by members of the Center for Black Education, for the National African Liberation Day Committee, AFRICAN LIBERATION is now available for students, churches, community action groups—everyone interested in the fight for African independence.

The book includes dynamic illustrations by Bro. Jeff Donaldson, noted Head of Howard University's Art Department. There is also an appendix of useful information in AFRICAN LIBERATION including: maps of southern Africa, a complete list of U.S. companies in South Africa, and where to contact the African freedom fighters.

To expand your understanding of the struggle we face in southern Africa—read AFRICAN LIBERATION.
