Dear Mary Varela:

"Something of our own" has recently come to my attention thanks to the N.S. Fund! It is excellent, Excellent!!

We have done some experimenting here with co-ops and now have a farmers purchasing and marketing co-op. Marketing plans for 1966 are not very great but we will market some OKRA and squash.

We have 2 <sup>Co-op</sup> gasoline trucks now delivering gasoline, diesel fuel, oil, etc to over 100 negro and 5 white farmers in this area of West Tennessee.

I plan to bring your material to the attention of <sup>(FAYETTE CO.)</sup> the Southern Rural Training program here in the county.

Adult Educ.

The migrant program to Drew Wicks State College, Lexington, Miss., should have copies immediately for their program which is now in operation!

Please send me 5 copies of each and bill the Nat. Sherwin-Woodward Fund, Joe Wasserman, 5 Forsyth St., Atlanta, GA.

This is a wonderful work. Thank you,

CC: Fay Bennett, NSFund  
112 E. 19th St, NYC, N.Y.

Art - Emery, closed to  
Mid-South Oil Co-op.
